Re: Liberty IV / DOD TI Build Out

Dear Jack,

I am writing to express a final Thank You for your work completed on the above noted project. With your hard work and dedication, the completion date of June 30, 2006 was met and the few punchlist items are at or near completion. With everyone's combined effort, the Team met Liberty Property Trust's expectations and Berghammer received emails and calls expressing the same. Please extend the appreciation to all your field personnel, specifically Tom.

Congrats!

Berghammer appreciates all you have done and I look forward to repeating the success in the future. Thanks!

Sincerely,

BERGHAMMER CONSTRUCTION
