Dear Mark,

As another project with your company is coming to a close in Sturtevant I would like to take a moment to send you this letter to tell you what a fine job your staff and workers have done on this project. The project is on time again due to your diligent and competent tradesmen.

It is always a pleasure to work with Superior Masonry and has been on many fine projects that you have built for Tri-North since 1984. In the many years we have worked together there has always been a pride in workmanship, a commitment to meeting the schedule and an attitude of cooperation with Superior.

It is my hope that we can continue on with this fine relationship for many years to come.

Respectfully,

Joel Stancer
Vice President
Milwaukee Division
